Handbooks in Health Economic Evaluation:

Vol 1 Decision Modelling for Health Economic Evaluation, by Andrew Briggs, Mark Sculpher and Karl Claxton, focuses on the role and methods of decision analysis in economic evaluation. Published 2006.
Vol 2 Economic Evaluation in Clinical Trials by Henry A. Glick, Jalpa A. Doshi, Seema. S. Sonnad and Daniel Polsky, covers the design, conduct and analysis of economic evaluations alongside clinical trials and their distinctive methodological and practical issues. Published February 2007.
Vol 3 Applied Methods of Cost-effectiveness Analysis in Healthcare by Alastair Gray, Philip Clarke, Jane Wolstenholme and Sarah Wordsworth, sets out the key elements of analysing costs and outcomes, calculating cost-effectiveness and reporting results. Published October 2010.
Vol 4 Applied Methods of Cost-Benefit Analysis in Health Care edited by Emma McIntosh, Philip Clarke, Emma Frew, and Jordan Louviere, provides a guide to the theory and the practical conduct of cost-benefit analysis. Published June 2010.
