

Recommended Study Plan for first semesters (all students)

FULL-TIME STUDENTS [MIN: 16MC MAX: 24MC]	PART-TIME STUDENTS [MIN: 4MC MAX: 12MC]
CO5102 Quantitative Epidemiological Methods (4MC) [Mandatory]	
CO5103 Principles of Epidemiology (4MC) [Mandatory]	
CO5202 Environmental and Occupational Health (4MC)	1 other module (4MC)
CO5203 Lifestyle & Behaviour in Health & Disease (4MC)	
CO5104 Health Policy and Systems (4MC)	
CO5210 Practicum (4MC)	

Study Plan – FT Medical

	SEMESTER 1 AY2016/2017	SEMESTER 2 AY2016/2017
MIN: 16MC MAX: 24MC	CO5102 Quantitative Epidemiological Methods *	CO5210 Practicum (Completion)
	CO5103 Principles of Epidemiology *	Elective Module
	CO5202 Environmental and Occupational Health	Elective Module
	CO5203 Lifestyle & Behaviour in Health & Disease *	Elective Module
	CO5104 Health Policy and Systems	Elective Module
	CO5210 Practicum (In Progress)	Elective Module

*** Pre-requisite to other modules. To complete by the first semester.**

Study Plan – FT Non-Medical

	SEMESTER 1 AY2016/2017	SEMESTER 2 AY2016/2017	SEMESTER 1 AY2017/2018
MIN: 16MC MAX: 24MC	CO5102 Quantitative Epidemiological Methods *	CO5210 Practicum (In Progress)	CO5210 Practicum (Completion)
	CO5103 Principles of Epidemiology *	Elective Module	Elective Module
	CO5202 Environmental and Occupational Health	Elective Module	Elective Module
	CO5203 Lifestyle & Behaviour in Health & Disease *	Elective Module	Elective Module
	CO5104 Health Policy and Systems	Elective Module	* Pre-requisite to other modules. To complete by the first semester.
	Elective Module	Elective Module	
		Elective Module	
		Elective Module	

Study Plan – PT Medical

	SEMESTER 1 AY2016/2017	SEMESTER 2 AY2016/2017	
MIN: 4MC	CO5102 Quantitative Epidemiological Methods *	Elective Module	*Pre-requisite to other modules. To complete by the first semester
	CO5103 Principles of Epidemiology *	Elective Module	
MAX: 12MC	CO5203 Lifestyle & Behaviour in Health & Disease *	Elective Module	

	SEMESTER 1 AY2017/2018	SEMESTER 2 AY2017/2018	SPECIAL TERM AY2017/2018
MIN: 4MC	CO5210 Practicum (4MC) # (In Progress)	CO5210 Practicum (4MC) # (Completion)	# If unable to complete CO5210 by AY2017/2018 Sem 2 (LOA), students must read SPH5005 Practicum in place of CO5210 Practicum. These students will graduate in next AY's Special Term (August 2019).
	SPH5005 Practicum (8MC) (In Progress)	SPH5005 Practicum (8MC) (In Progress)	
MAX: 12MC	SPH5004 Introduction to Health Policy and Policy Analysis	Elective Module	
	SPH5306 Environmental Health	Elective Module	

- If students opt for CO5210 Practicum (4MC) and complete by AY2017/2018, they need to complete 20MC of elective modules
- If students opt for SPH5005 Practicum (8MC), they need to complete 16MC of elective modules

Study Plan – PT Non-Medical

	SEMESTER 1 AY2016/2017	SEMESTER 2 AY2016/2017
MIN: 4MC	CO5102 Quantitative Epidemiological Methods *	Elective Module
	CO5103 Principles of Epidemiology *	Elective Module
MAX: 12MC	CO5203 Lifestyle & Behaviour in Health & Disease *	Elective Module

***Pre-requisite to other modules. To complete by the first semester**

	SEMESTER 1 AY2017/2018	SEMESTER 2 AY2017/2018
MIN: 4MC	SPH5306 Environmental Health	Elective Module
MAX: 12MC	SPH5004 Introduction to Health Policy and Policy Analysis	Elective Module
	Elective Module	Elective Module

Study Plan – PT Non-Medical (cont.)

	SEMESTER 1 AY2018/2019	SEMESTER 2 AY2018/2019	SPECIAL TERM AY2018/2019
MIN: 4MC	SPH5005 Practicum (In Progress)	SPH5005 Practicum (In Progress)	SPH5005 Practicum (Completion)
MAX: 12MC	Elective Module	Elective Module	

- If students opt for CO5210 Practicum (4MC) and complete by AY2017/2018, they need to complete 40MC of elective modules
- If students opt for SPH5005 Practicum (8MC), they need to complete 36MC of elective modules
