

Saw Swee Hock
School of Public Health

19 JANUARY TO 20 APRIL 2018
(FRIDAYS, 6PM TO 9PM)

COURSE COODINATOR

Assoc Professor Jason CH Yap

*Saw Swee Hock School of Public Health
National University of Singapore*

MANAGEMENT OF HEALTHCARE ORGANISATIONS

WHAT IS THE COURSE ABOUT?

This practitioner-led course is targeted at participants with a basic background in management (either through academic study or practice) and equips participants to work with and manage care delivery services. Learning will be through interactive lectures, group work, case study discussions and personal reflections. Participants will be expected to contribute in class, actively share their experiences and learn collectively.

WHO SHOULD ATTEND?

Public Health practitioners and healthcare managers working in healthcare-related government agencies, regional health systems, hospitals and other healthcare service delivery facilities, and non-governmental and voluntary welfare organisations.

PREREQUISITES
