School of Public Health

18 JANUARY TO 19 APRIL 2018
(THURSDAYS, 6PM TO 9PM)

COURSE COODINATOR

Dr Judy Sng

*Saw Swee Hock School of Public Health
Yong Loo Lin School of Medicine
National University of Singapore*

OCCUPATIONAL TOXICOLOGY AND INDUSTRIAL HYGIENE

WHAT IS THE COURSE ABOUT?

Exposure to environmental hazards such as toxins, chemicals, biological agents, noise and radiation are oftentimes unavoidable, especially in the workplace setting.

This course covers basic concepts as well as specific topics on toxicology and industrial hygiene that are relevant to current occupational and public health practice. Emphasis will be on the approach to major environmental and occupational toxins and hazards. Case studies will be used to allow participants the opportunity to practise effective problem-solving skills.

WHO SHOULD ATTEND?

Anyone who is interested to learn about occupational toxicology and industrial hygiene concepts and practices.

PREREQUISITES
