

**Dr Marc Ho**

Acting Director  
Contact Tracing and Epidemiology Centre  
Ministry of Health, Singapore

Marc is Acting Director for the Contact Tracing and Epidemiology Centre at the Ministry of Health, Singapore. He oversees the national policy and operations of contact tracing efforts and epidemiology investigations for the COVID-19 pandemic.

A medical doctor and public health specialist by training, Marc obtained his Master of Public Health from the National University of Singapore and is a fellow of the Academy of Medicine in Singapore.

Prior to his current appointment, Marc was seconded to the World Health Organization Health Emergencies Programme as technical lead for urban health emergency preparedness, health systems for health security and the Universal Health and Preparedness Review.

Marc's previous portfolios include the prevention and control of domestic communicable and non-communicable diseases, regional and global disease surveillance, hospital services and healthcare manpower standards and development. This includes work at the National Centre for Infectious Diseases, Biodefence Centre of the Singapore Armed Forces, and public healthcare institutions in Singapore.
