Articles in journals

Leng GC, Fowkes FGR. The epidemiology of peripheral vascular disease. *Current Medical Literature: Thrombosis* 1991;1:35-43

Leng GC et al. Doppler colour flow imaging in peripheral arterial disease. *Br J Hosp Med* 1991;45:200-7.

Leng GC, et al. Doppler colour flow imaging in the investigation and treatment of peripheral arterial disease. *Medical Care International* 1992;3-4:26-29.

Leng GC, Fowkes FGR. The Edinburgh Claudication Questionnaire: an improved version of the WHO/Rose questionnaire for use in epidemiological surveys. *J Clin Epid* 1992;45:1101-1109.

Fowkes FGR, Leng GC, et al. Serum cholesterol, triglycerides and aggression in the general population. *Lancet* 1992;340:995-998.

Leng GC, et al. Reactive hyperaemia test in a random sample of the general population. *J Vasc. Surg* 1993;17:479-486.

Leng GC, et al. Accuracy and reproducibility of duplex ultrasound in grading femoro-popliteal stenoses. *J Vasc Surg* 1993;17:510-517.

Whyman MR, Hoskins PR, Leng GC, et al. Accuracy and reproducibility of duplex ultrasound in a phantom model of femoral artery stenosis. *J Vasc Surg* 1993;17:524-530.

Leng GC, Fowkes FGR. The epidemiology of peripheral vascular disease. *Vascular Medicine Reviews* 1993;4:5-18.

Leng GC. Personality, elevated blood pressure and essential hypertension [Book Review]. *J Epidemiol Comm Health* 1993;47:252.

Housley E, Leng GC, et al. Physical activity and risk of peripheral arterial disease in the general population: the Edinburgh Artery Study. *J Epidemiol Comm Health* 1993;47:475-480.

Leng GC, Fowkes FGR. Does lipid-lowering therapy promote regression of coronary atheroma? [Editorial]. *Br J General Practice* 1994;44:3-4.

Leng GC. Depression following myocardial infarction. [Commentary]. *Lancet* 1994;343:2-3.

Fowkes FGR, Housley E, Leng GC. Assessment of peripheral vascular disease in diabetes. [Letter]. *Circulation* 1994;89:1909.

Leng GC, et al. Plasma essential fatty acids, cigarette smoking and dietary anti-oxidants in peripheral arterial disease. *Arterioscler Thromb* 1994;14:471-478.

Horrobin DF, Leng GC, et al. Relationship between plasma essential fatty acids and smoking, serum lipids, blood pressure and haemostatic and rheological factors. *Prost, Leuk Ess Fatty Acids* 1994;51:101-8.

Leng GC, et al. The relationship between cigarette smoking and cardiovascular risk factors in peripheral arterial disease compared with ischaemic heart disease. *Eur Heart J* 1995;16:1542-1548.

Leng GC, et al. Epidemiology of peripheral vascular diseases. *Imaging* 1995;7:85-96.

Leng GC, et al. Epidemiology of varicose veins and chronic venous insufficiency. *Scope on Phlebology and Lymphology* 1994;1: 4-9.

Leng GC. Dietary antioxidants and essential fatty acids. *Critical ischaemia* 1995;5:37-43.

Evans CJ, *Leng GC*, et al. Reproducibility of duplex ultrasound in the measurement of venous reflux. *Phlebology* 1995;10:149-154.

Leng GC, et al. Lipid-lowering therapy in the treatment of peripheral arterial disease. In: *The Cochrane Database of Systematic Reviews* BMJ Publishing Group, London. 1996.

Leng GC, et al. Why we need the Cochrane Collaboration. *International Angiology* 1996;15:81-83.

Leng GC, et al. Use of ankle brachial pressure index to predict cardiovascular events and death: a cohort study. *Br Med J*. 1996;313:1440-1444.

Leng GC, et al. Incidence, natural history and cardiovascular events in symptomatic and asymptomatic peripheral arterial disease in the general population. *Int J Epidemiol*. 1996;25:1172-1181.

Jepson RG, Kleijnen J, *Leng GC*, et al. Garlic for the treatment of lower limb atherosclerosis. In: *The Cochrane Database of Systematic Reviews*. BMJ Publishing Group, London. 1997.

Leng GC. Amlodipine did not increase morbidity or mortality rates in severe heart failure. [Commentary] *ACP Journal Club* 1997;126:30.

Leng GC, Ernst E, Fowler B. Exercise for intermittent claudication. In: *The Cochrane Database of Systematic Reviews*. BMJ Publishing Group, London. 2003.

Lee AJ, Fowkes FGR, Carson MN, *Leng GC*, Allan PL. Smoking, blood pressure, atherosclerosis and risk of abdominal aortic aneurysm. *Eur Heart J* 1997;18:671-676

Leng GC, et al. Dietary nutrients and plasma n-3, n-6, saturated and monounsaturated fatty acids. *J Nutr Med* 1997;7:91-100.

Mowat B, Skinner ER, Wilson HM, *Leng GC*, et al. Alterations in plasma lipids, lipoproteins and high density lipoprotein subfractions in peripheral vascular disease. *Atherosclerosis* 1997;131:161-166.

Price JF, *Leng GC*, Fowkes FGR. Should claudicants receive angioplasty or exercise training? *Cardiovasc Surg* 1997;5:463-470.

Leng GC, et al. Randomised controlled trial of antioxidants in intermittent claudication. *Vascular Medicine* 1997;2:279-285.

Smith FB, Rumley A, Lee AJ, *Leng GC* et al. Haemostatic factors and prediction of ischaemic heart disease and stroke in claudicants. *Br J Haematol* 1998;100:758-763.

Leng GC, et al. Lipid lowering therapy in the treatment of lower limb atherosclerosis. *Eur J Vasc Endovasc Surg* 1998;16:5-6.

Royle EM, Michaels JA, *Leng GC*. The Cochrane Collaborative Review Group on Peripheral Vascular Diseases. *Eur J Vasc Endovasc Surg* 1998;16:1-3.

Fowkes FGR, Price JF, *Leng GC*. Targeting subclinical atherosclerosis. *Br Med J* 1998;316:1764-1765.

Leng GC. High homocysteine levels were associated with increased coronary heart disease in men. *Evidence-Based Medicine* 1998;3:129-160.

Leng GC, et al. Randomised controlled trial of gamma-linolenic acid and eicosapentaenoic acid in peripheral arterial disease. *Clinical Nutrition* 1998;17:265-271.

Smith FB, Lowe GDO, Rumley A, *Leng GC*, Fowkes FGR. Smoking, haemorrhological factors and progression of peripheral arterial disease in claudicants. *J Vasc Surgery* 1998;28:129-135.
